

Environment Setup

SendGrid Account Creation

Team ID	PNT2022TMID02763
Project Name	Nutrition Assistant Application

The screenshot shows the SendGrid dashboard interface. The browser address bar displays `app.sendgrid.com/guide?from=profile&integrate=true`. The left sidebar contains a navigation menu with items: Muthukumaran M., Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, Settings, and Twilio SMS. The main content area features a welcome message: "Welcome, Muthukumaran!" followed by the instruction "To get up and running quickly, please follow the steps outlined below." Below this is a blue banner that reads "Send your first emails with Twilio SendGrid". Underneath the banner, the section "Send your first email" offers three options: "Integrate using our Web API or SMTP Relay" (described as "Easily send API-driven email from your application."), "Build and send using Marketing Campaigns" (described as "Build engaging email marketing campaigns that deliver results."), and "Integrate with third-party applications" (described as "Quickly send email from Wordpress, Drupal, Magento, and other popular applications."). Each option has a "Start" button, except for the third-party applications which has a "Learn More" button. At the bottom of the dashboard, there is a grey bar with the text "Remove email sending limits".
